PROFILE

Computer Science Engineering student with interest in Artificial Intelligence, Machine Learning, Data Analytics, and Software Development. Experienced in building academic projects and participating in hackathons with strong problem-solving skills.

SKILLS

Technical Skills: Python, HTML, CSS, Bootstrap, MySQL, Power BI, Machine Learning, DBMS

Tools: GitHub, VS Code, Firebase

Soft Skills: Communication, Teamwork, Problem Solving, Time Management

EDUCATION

Bachelor of Engineering – Computer Science Engineering

Vidya Vikas Institute of Engineering and Technology

Currently in 6th Semester | Expected Graduation: 2027

CGPA : 8.5

PROJECT EXPERIENCE

SkySense AI – Pest Outbreak Prediction System

- Developed an AI-based crop pest prediction system using weather and environmental data.
- Supported early detection and preventive agricultural decision-making.

Tech Stack: Python, Machine Learning, Data Analysis

AI Powered Health Monitoring System

- Built a healthcare monitoring system for health data analysis and risk prediction.
- Processed and analyzed health data to generate insights.

Tech Stack: Python, Data Processing

Honeypot API – Cybersecurity Monitoring System

- Developed a Honeypot API to detect and monitor suspicious activities.
- Implemented basic cybersecurity and API monitoring concepts.

Tech Stack: Python, API Development, Cybersecurity

Healthy Food Recommendation System

- Developed a recommendation system to provide personalized food suggestions.
- Generated recommendations based on user preferences and nutritional factors.

Tech Stack: Python, Recommendation System

INTERNSHIP

Microsoft Power BI Virtual Internship (Online)

- Completed virtual internship focused on dashboard creation and data visualization
- Developed interactive reports using Power BI
- Learned data cleaning and business analytics concepts

ACHIEVEMENTS & ACTIVITIES

- Participated in 5+ Hackathons including national-level events
- Completed virtual internship and certification programs

CERTIFICATIONS

- Microsoft Power BI Virtual Internship – Completed virtual internship in Power BI, dashboard creation, and data visualization
- Google Cloud Gen AI Academy 1.0 – Completed Generative AI codelabs and earned a Codelab Completion Certificate
